

Hancock Department

FAST HORSES BROUGHT HERE

Nineteen Racers From the Wisconsin Circuit Arrive

Nearly all of the horses from the Wisconsin circuit that are to take part in the big races at the Hancock driving park Thursday, Friday and Saturday are in Hancock now, the last of them arriving last evening. The horses are on exhibition at the driving park and all interested visitors are given permission to visit the stables and look the animals over.

Every one of the horses is declared to be in the best of condition, coming direct from Oshkosh where they took part in the big races last week. Nineteen horses from this circuit are in Hancock now and all are entered in the races. Several local horses have been entered tentatively but it is still uncertain whether or not they will start.

There will be two races on each day of the meet. The 2:15 pace and the 2:30 trot will be run on the first day, the 2:15 pace and the 2:25 pace on the second day and the 2:20 trot and the free for all on the last day of the races. Between heats there will be free attractions exhibited in front of the grand stand in an endeavor to have something going on all of the time.

Horses and Their Records.

The horses from the Wisconsin circuit that are entered so far, together with their ratings are as follows. (As the committee will not meet until the day of the meet and will class the horses, it is still doubtful in which races they will start.)

Queen Cremona—2:05 1/4.
Count Buckner—2:06 3/4.
Halleck M.—2:08 1/4.
Irene Lockhart—2:14 1/4.
Red Ash—2:14 1/4.
Cotton Patch—2:18 1/4.
King Afrite—2:18 1/4.
Marguerita—2:19 1/4.
Fayse Hivood—2:23 1/4.
Black Patti—2:24 1/4.
Annie Clatterwood—2:29 1/4.
Love Letter—2:29 1/4.
Rex Max, green pacer.
Forest B—2:39 1/4.
Vera Sails—2:40 1/4.
Duck Creek Lad, green trotter.
Crest Leaf, green trotter.
Marian Woodford—2:20 1/4.
Allen Wilkes—2:29 1/4.

PLAY IS PRESENTED.

"Dawn of a New Era" Given at Keredge by Painesdale Pupils.

"The Dawn of a New Era," an allegorical play written and staged by Mrs. E. A. Jiffers of the Painesdale high school, was presented last evening at the Keredge theater by a cast picked from the pupils of the Painesdale high school. The play was presented for the benefit of the Iroquois county equal suffrage association and, as a good crowd was present, the cause received a substantial contribution.

The story of the play is wound around the old conflict between peace and war. The theme was well handled but by the playwright and cast and proved most enjoyable in every way.

Dr. C. E. Manchester, once pastor of the late President McKinley, now 68, has retired in Cleveland from the Methodist ministry.

DANGER PERIOD OF WOMAN'S LIFE FROM 45 TO 50

Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N.C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

"If you think this letter will contribute anything towards further introducing your medicine to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N.C.

The Case of Mrs. Kirilin.

Circleville, Ohio—"I can truthfully say that I never had anything so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound." "Before I had taken one half a box of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRILIN, 868 N. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

WILL HAVE NEW STAMPS FOR THE PARCELS POST

WILL HAVE NEW ORDINARY ISSUES WILL NOT BE ACCEPTED FOR THAT SERVICE.

Arrangements have been made by Postmaster General Hitchcock for the engraving and manufacture of stamps, unique in size and novel in design, for exclusive use in the forwarding of packages by the parcels post.

The special parcels post stamps will be larger than the ordinary stamps, and will be so distinctive in color and design as to avert any possible confusion with ordinary stamps, which cannot be used for this purpose.

The new issue will be in three series of designs. The first will illustrate modern methods of transportation of mail, one stamp showing the mail car on a railway train, another an ocean mail steamer, a third an automobile now used in the postal service, and a fourth the dispatch of mail by aeroplane.

The second series will show at work in their several environments the four great classes of postal employees—post-office clerks, railway mail clerks, city letter-carriers and rural delivery carriers.

The third series will represent four industrial scenes showing the principal source of the products that probably will be transported extensively by parcels post.

The stamps will be ready for distribution Dec. 1, in order that the 60,000 postoffices may be supplied with them before the law becomes effective Jan. 1.

IMPORTANT MEETING OF CITY COUNCIL TOMORROW

FINAL STEPS IN CONDEMNATION SUIT WILL BE TAKEN BY MEETING.

A regular meeting of the Hancock city council will be held tomorrow evening in the council chambers. The session will in all probability be a long one as a great deal of important business will come before this meeting.

A special session of the council was called for the Saturday night following the last regular meeting but was not held owing to failure to get a quorum. The mayor instructed the city clerk to make a canvas of the members of the council the following Tuesday and see if it would be possible to hold the meeting that night, but no quorum could be obtained then and the special meeting had to be postponed.

The most important business that the council will be called upon to transact will be the final steps in preparing to condemn the Sullivan estate property that is needed for the extension and widening of some of the streets in the west end of the town.

The purchase of another piece of property in the same section of the city will also be considered, this piece being needed for a similar purpose. Several committees were ordered to have their reports ready for this meeting and several other matters of interest and importance are expected to come up.

The citizens who were circulating a petition for the removal of the city's general manager announced that they would bring their petition before the meeting called for tomorrow and would bring their fight into the open. Nothing definite has been done by these parties lately, they seeming to have dropped their fight against the general manager but it may be that they will make good their promises and come to the meeting with their petition.

PYTHIANS ARE PLEASED.

Statement From New York Settles Doubts About Recent Ruling.

Hancock Pythians were greatly pleased by the recent explanation of the ruling made on the increase in assessment which states that Judge Ray has not ruled that it was illegal to raise the assessment but had merely ruled that certain evidence that the lodge offered was inadmissible.

The Michigan supreme court was not concerned in the case and the ruling in any case would not have directly touched the Hancock order but it was establishing a precedent and the Hancock Knights of Pythias believed that this would prove dangerous. The Michigan legislature has recently passed a law making it necessary for all fraternal orders in which members carry life insurance to put their assessments on a basis that would provide adequate protection for the lodge members and this decision would seem to be in direct opposition to this bill. The ensuing explanation was satisfactory to the Hancock lodge, assuring them that the first report on which they had based their fears had been erroneous.

ELECTRIC PARK TO CLOSE.

Traction Co.'s Report Ends Season After Profitable Year.

Electric Park, the summer resort of the Houghton County Traction company, will close tonight after having enjoyed a very profitable season. The park's patronage was large this year, due to the increased size of the attendance in the evenings and to the larger number of private parties.

During the winter a number of changes will be made, making it possible to accommodate even larger

crowds next year. The report of Manager Mayotte will be made out soon and will show that the attendance this year was several thousand in excess of the attendance last year.

FISCHER ASSUMES DUTIES.

Dr. A. F. Fischer of Hubbell, for the past 21 years company physician at the Quincy mills, today took over the position at the mine formerly held by Dr. N. S. MacDonald, who recently resigned to take up studies in Europe. Another change also was announced yesterday, Dr. C. E. Rowe being appointed Dr. Fischer's successor at the Mills. Dr. Rowe has been assistant at the Tamarack and Onondaga mills for a number of years.

HANCOCK BREVITIES

Sydney J. Guest of Lansing was a Hancock visitor yesterday.

A. M. Kivari, a graduate of the M. C. M., has taken a position as mining engineer with the Lake Superior Ophir Mine in Colorado and will leave soon to assume this duties.

Norman Mette has returned to the University of Michigan to resume his studies.

George Jasberg has returned from Finland where he spent the last three years.

COUNCIL IS FAVORABLE.

Almost Certain Real Estate Transfer Will Be Approved.

Members of the Red Jacket council and Mayor Schumaker express themselves as generally satisfied with the bid of Oscar Kekkonen of \$10,000 for the Fifth street fire hall property and there is little doubt that the official stamp of approval will be placed on the sale this evening. While many residents of the village expressed the belief that \$8,000 would be about the price for which the transfer would be made, Mayor Schumaker this morning stated that he felt sure the bids would exceed \$9,000, although he hardly expected \$10,000.

The council likely will recommend this evening that the purchaser take immediate steps to tear down the old fire hall which is considered a menace to the public safety.

Consideration will also be given to the project of erecting a new shed for the storage of village equipment, on the lot recently purchased from the C. & H. Mining company and which is situated in the rear of the present fire hall. The structure proposed likely will be a concrete and sheet iron building, covering the entire lot.

IF YOUR CHILD NEED A PHYSIC

IF ITS LITTLE STOMACH IS SOUR, LIVER SLUGGISH AND BOWELS CLOGGED.

Mother! look at the tongue! see if it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad, has stomach ache, diarrhoea, sore throat or is full of cold, it means the little one's stomach, liver and bowels are filled with poisons and clogged up waste and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours the foul, decaying, constipated matter, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well and smiling child shortly.

With Syrup of Figs you are not drugging your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

For all Business Papers of every description, letters, cost, stock and inventory records, card indexes and documents; filed vertically folded or flat, which are indispensable to you; the newly perfected

Globe Cabinet Safe affords the protection which the insurance company cannot and will not grant.

Interchangeable units permit individual arrangements. Made of steel in standard size, insulated with air chamber, guarded by safe combination locks, the Globe Cabinet Safe offers you a perfect office filing system.

We are selling them for this city.

MINING GAZETTE COMPANY.

GAVE HER AWAY

Little Boy (coming up steps)—Go in—mamma will be down presently. I'll tell her you're here.
Visitor—The maid said your mother wasn't in.
Little Boy—Geel! There's a licking comin' to me.

AIM TO END POLLUTION OF THE GREAT LAKES

Ottawa, Ont., Oct. 1.—The international joint commission on waterways met in this city today for what is regarded as the most important session that has yet been held by that body. The chief purpose of the meeting is to formulate a program for the investigation of the pollution of the great lakes and other boundary waters between the United States and Canada. This question, in the opinion of officials of the two governments, has become the most pressing of all problems affecting the welfare of the people of the two countries.

In order to make room for a carload of Singer Sewing Machines, we are selling a number of slightly used Singer drop head sewing machines for less than one half of the regular price. First come, first served.

DOG DIDN'T COUNT

Mrs. Smith (indignantly)—Here's the tinpan your boy Willie tied to my dog's tail this morning.
Mrs. Jones (after seeing pan)—And I'm going to give him a good whipping. That's my best pan.

REPORT OF COMMISSIONER.

Will Be Presented to Township Board This Afternoon.

The report of Highway Commissioner Charles Muford for the month of September which will be presented to the township board at its meeting this afternoon is as follows:

Centennial road\$493.75
Red Jacket road 78.50
Calumet avenue 21.25
Lake Linden road 132.00

Total\$635.50

Overseer of Highways James Burrill has a force of men at work cleaning up Calumet avenue, from end to end and placing the drainage system in good condition. This work is regarded as very necessary as residents of that location have had considerable trouble with water in their cellars. Work on the county road from Alouez to Calumet is approaching completion.

Evangelist Sunday is to be paid \$10.00 for conducting a revival in Wyoming Valley, Pa., next winter for 30 days.
